

M

Kristy: The Fibonacci sequence modifies the size of the spiral which relates to the golden ratio.

Kristy: We can add or subtract to the Fibonacci number sequence to make it different than the original sequence.

Bevone: We can increase the numbers in the number sequence by if you draw a pinecone it will have more pines or less pines on it than the original

pinecone.

Catherine: We can modify the spiral depending on the size of the rectangle.
